

Home Medication Packs

Do you or someone in your family need help managing multiple medications? Do you find it difficult remembering which dose is to be taken at the right time and on the right day?

Home Medication Packs provide peace of mind by clearly arranging your daily medications at the required time and day across the week. We liaise with your GP, keep your scripts on file and then package your medication accordingly.

To experience the ease and benefit of the packs, we are offering a FREE 6 week introductory trial.

** Usual medication costs still apply.*

Contact us NOW to find out more or to begin your free introductory trial - it's simple, safe & convenient.
